

The Selby ShootDown

The tournament ran very well with 12 archers taking part, with entries a little thin it was opened to all including Selby members.

Shooting commenced at 1pm with the qualifying round which saw some excellent scores shot.

Once the seeding had been sorted the Head to Heads got underway and this produced a surprisingly competitive atmosphere for a “fun” shoot.

With the flight Head to Heads out of the way the bottom two in each flight shot a combined head to head to determine a flight “team” winner.

The afternoon was rounded off with a three way shoot off between the flight winners for the overall trophy.

I would like to thank Len for his assistance as Range Captain and Amanda for her help in putting the tournament together, unfortunately she was away on slightly more important business and is now a National Judge.

Thanks to all who attended and we hope you had a fun afternoon. If I can fathom out the score sheets actual scores for the Head to Heads rounds may be available on request.
