Bill Spencer Memorial Trophy		Nova Bowmen	

To determine the winning team for the Bill Spencer Memorial Trophy, scores for all archers in the club were added together. Then the last 4 digits of the total were reversed. The Lady Paramount was then asked to generate a 4 digit number by pulling numbered balls from a box. The team with the number nearest to the number drawn by the Lady Paramount won the trophy.

Note that some scores are missing hits and golds from their scores. As those that were present will confirm the score sheets were a little difficult to maintain in the wet and some of the hits and golds numbers were either missed off or unreadable.
